Step

Step	1
Action	Open the URL https://carturesti.ro/ in a web browser.
Expected result	The homepage fully loads without any visible errors or broken elements.
Step	2
Action	Check if the Cărturești logo is visible and functional (clicking the logo redirects to the homepage).
Expected result	The logo is visible and correctly redirects to the homepage.
Step	3
Action	Check that the "PRODUSE" dropdown menu is visible and functional, displaying a list of categories when clicked.
Expected result	The "PRODUSE" menu is visible and functional, and the dropdown displays the categories correctly.
Step	4
Action	Click on each category in the dropdown menu to ensure it redirects to the appropriate category page.
Expected result	Each category link should open its respective page, displaying products related to that category.
Step	5
Action	Verify the presence and functionality of the search bar.
Expected result	The search bar is visible and allows text input.

Action	Verify the language dropdown displays "ROMÂNĂ" by default and has an option for English.	
Expected result	The language dropdown is functional and correctly displays the options.	
Step	7	
Action	Verify the "LIBRĂRII" link.	
Expected result	The link is visible and correctly redirects to the bookstores page.	
Step	8	
Action	Check that the button displays "LOGIN" (or "SALUT" if already logged in) and is functional, allowing user login or logout.	
Expected result	The "LOGIN" button is visible and functional.	
Step	9	
Action	Verify the presence of the help icon (question mark).	
Expected result	The help icon is visible and functional.	
Step	10	
Action	Check the shopping cart button.	
Expected result	The cart button is visible and functional.	

Verify if Homepage content is displayed correctly and links are functional

Steps

Action

result

Expected

Step	1
Action	Check that the main banner (e.g., "brat is back!") is fully loaded with image, text, and functional navigation arrows (left and right).
Expected result	The banner is displayed without any visual errors, with clear text and images. Navigation arrows allow switching between multiple banners.
Step	2
Action	Confirm the visibility and functionality of the following promotional icons and their descriptions: -Împachetare gratuită -Livrare în 24h -Cardul cu Prima Didactică
Expected result	Each icon is visible, the text is clear, and clicking on "Detalii" redirects to relevant informational pages.
Step	3
Action	Check for the presence of the "Voucher Cadou" message and the green button labeled "COMANDĂ-L AICI."
Expected result	The "Voucher Cadou" message and button are clearly visible, and clicking the button redirects to the voucher purchase page.
Step	4
Action	Scroll to the "NOUTĂŢI DE TOAMNĂ" section and verify product loading (images, descriptions, prices).
Expected result	Products and their details are visible and clear. The slider is functional.
Step	5

Scroll to the "SPOOKY SEASON" section and verify product loading.

Products are visible, and the slider is functional.

Step	6
Action	Check the "HALLOWEEN PARTY" section.
Expected result	Products are visible, and the slider is functional.
Step	7
Action	Check that the second banner (e.g., " Vegetariana – HAN KANG") is fully loaded with image, text, and functional navigation arrows (left and right).
Expected result	The banner is displayed without any visual errors, with clear text and images. Navigation arrows allow switching between multiple banners.
Step	8
Action	Verify the "TOP VÂNZĂRI" section.
Expected result	Products are visible, and the slider is functional.
Step	9
Action	Verify the "TRICK OR TREAT" section.
Expected result	Products are visible, and the slider is functional.
Step	10
Action	Check the "PRECOMENZI" section.
Expected result	Products are visible, and the slider is functional.
Step	11
Action	Verify the "NOUTĂȚI CU LIVRARE RAPIDĂ" section.
Expected result	Products are visible, and the slider is functional.
Step	12
Action	Verify the "VEȘTI DIN CĂRTUREȘTI" Section.
Expected result	Each title link in the "VEȘTI DIN CĂRTUREȘTI" section opens the corresponding article or page without errors.

Step	1	
Action	Click on the "PRODUSE" and "CARTE" to navigate to the product listing page that includes a selection of books.	
Expected result	The page loads and displays a variety of books.	
Step	2	
Action	Check if filtering options for category, availability, and price range are available.	
Expected result	The filtering options are visible and accessible.	
Step	3	
Action	Select an available category filter.	
Input data	Book Category: Psychology	
Expected result	The product list updates to show only products from the selected category.	
Step	4	
Action	Set the availability filter "Disponibil online" to "In Stoc-livrare24h".	
Input data	Availability: In Stoc-livrae24h	
Expected result	The product list updates to show only products that are available.	
Step	5	
Action	Set the price range filter.	
Input data	• Price Range: 200 - 400 lei	

Expected result	The product list updates to reflect the selected price range.
Step	6
Action	Verify the displayed psychology books after applying all filters.
Expected result	 All displayed books should: Belong to the "Psychology" category. Be priced between 200 and 400 lei. Be available in stock.
Step	7
Action	Check that the displayed products meet the applied filters.
Expected result	All displayed products should comply with the selected criteria for category, availability, and price.

Steps

Step 1

Action Open the cart pop-up by clicking the cart icon in the upper right corner

Expected result The cart pop-up appears, showing the list of products, their prices, quantities, and the total amount.

Step 2

Input data

Action Verify the displayed prices and quantities for each product in the cart.

• Product 1: Băiatul cu pijamale în dungi

Price: 39.00 lei

 $\circ \ \ \textbf{Quantity:} \ 1$

• Product 2: Ficele spartei

Price: 25.00 lei Quantity: 2

Expected result
The prices and quantities for all products are displayed correctly.

Step 3

Action Calculate the expected total amount based on the prices and quantities of the products in the cart.

• **Expected Total Amount:** (1 * 39.00 lei) + (2 * 25.00 lei) = 89.00 lei

Expected result The expected total amount is calculated.

Step 4

Action Compare the expected total amount with the displayed total amount in the cart.

• **Total Amount:** (1 * 39.00 lei) + (2 * 25.00 lei) = 89.00 le

Expected result The displayed total amount in the cart is equal to the expected total amount.
